“ Ronnie Garrett, was a second father to me. I became friends with Allison 10 years ago. While helping her move I got to meet Ronnie and Judy, who my kids and I now call G-pa and Juju. They told me if I ever need anything they are just 10 mins down the road. It was always very reassuring to know they were there, and they told me every time we saw each other, if I ever need something to let them know. G-pa was there when I got in a bad wreck. I actually ran into Allison following her back to G-pa and Juju's house one night, and even though I totaled, Allison's truck he was very supportive and understanding. At my senior show he and Juju were there and he even made his famous sausage balls for everyone to enjoy at my show. About 3 yrs later I moved to Franklin from Norcross and my parents and sister moved to Florida. I started really leaning on G-pa and Juju for support and family, we visited frequently. Noah, my son fell in love with them in no time and once my daughter was born she fell head over heels in love with them too. G-pa is one of the kindest, most genuine, and positive people I have ever know and I couldn't be more proud to call him family. I definitely couldn't ask for a better grandpa for my kids. We miss him dearly.

I have never been one with words, so while this doesn't do justice to all that G-pa and Juju have done for me and my kids I really wanted to share how very important they are to us and how we wish we had more time with G-pa.
