“*To Al and his family - your Mom was very special to me and all of us who grew up with her. She was a big sister to Joe, and in reality to several of us. I remember the day I met your Dad with her. If my memory is correct, it was the summer of either '67 or '68. They came to my parents house in Tallapoosa to pick Joe and I up to carry us up to the lake. A strange looking blue car pulled into the driveway and Becky got out with a really skinny guy we had never seen before, both he and the car were a little different from our family. It was the first time we met Bruce and also the first time we ever saw a Toyota! That was the beginning of several years of great times with both of them. They lived in Tallapoosa around the corner from my folks and acquired the "elephant" which carried us on many camping trips. My wife and I dated and married during these times. We will never forget the good times we shared. Godspeed Becky, we all love you!*
