“ *I will always count Danny as one of my few real friends in life. Danny always had a quick wit and smile whenever you saw him. He deeply cared for others and was always available to help a friend, never expecting anything in return. You could always count on Danny to listen to your problems without judgement and to offer a word of encouragement.*

*Danny touched my life and I am a better person because I could call him my friend. I will miss you my friend!*
