“ I worked with Jeannie a few months in a small office at Sewell's in 1972. She was the prettiest girl I have ever known even without makeup. She was so much fun to be around. She made every day at the office a good time. We became good friends and after I went on to college, we still kept in touch. She and I and a friend of hers from Atlanta went to see Elvis at the Omni and somehow Jeannie and the friend got us invited up to Elvis's 24th floor room. So the Stamps quartet and Linda Thompson, Elvis's girlfriend at that time, and all his workers and wives were all there for the after-show party. I have told this story many many times for it was one of the greatest highlights of my life. We also traveled together to see Graceland and even took a trip to PCB! I regret that I lost touch with her over the next few years. I always intended to go by her parents' home and see if I could find out how she was doing, but that time never came. Jeannie was an incredibly beautiful and loving woman and I am so glad that she was a part of my life and I am a better person for knowing her. My condolences to her family. “ I remember Jeannie from when we were in school. She was a little ahead of me, but I thought she was so pretty. I'm sorry to hear of her passing.

“ Jeannie was my cousin and we used to spend the night together when she visited her grandmother. We had so much fun dressing up in her grandmother's clothes and playing cards. I will always remember those special times with her when we were young. She was beautiful and sweet. Fly high with the Angels Jeannie ❤️
