“ I met Keith at West Georgia when we were about 18, and we quickly became close friends for a few years, till we drifted apart after school, as is often the case. I thought about him pretty often, though, because he was such a nice guy. I wish I had hooked back up with him and gotten to know him again. You just put things off till another day, and before you know it, it's too late. May God bless his family.

“ *We are extremely saddened to hear of Keith's passing. He as a good friend to Susan as he was to most, but he called her his little sister. They always looked out for each other at HA Jones for almost 20 years. Keith always called things like he seen them, and you could always count on him to be there for you. It was evident the kids all loved him and his unorthodox teaching methods, and more than anything, I think he taught his students to be themselves....You will be missed Keith Roop, and today while our hearts break for you and your family, we know that you are no longer in pain.....Steve & Susan Hatchett*
