“ *My heart breaks for all of you because losing Mama is a pain all its own, and you all had one of the best. But I'm so thankful that all of your family will be together again one day, and what a day that will be! I wish we could be with you...I can only imagine how hard this is during these days. I have so many wonderful memories of our families being together at Macedonia, and especially of times spent together talking and eating and laughing when we came to your house for dinner or lunch! I want ALL of you...Jane, David, Phyllis, Beverly, and Cheryle....to know how much I love you and grieve with you, but I also rejoice with you. As I realized recently during the death of my son, the ones who have left us have made it to the place we are still trying to get to, so we will not wish them back. We will just keep going until we get there too! Easter is the perfect time to celebrate just how we do that! Much love and many prayers for the peace that passes all understanding.*
