“ When Kay and I moved to Bowdon Ga. You loved us just we were your own. Since both oh Kay's parents and mine too had passed own we adopted you to be our Maw. I know that you are probably right now catching up with Kay on what has been going on. Just know that I am going to miss you very much. That laughing and big smile that you always had made my day even after Kay was gone. I know that your children and grandchildren are going to feel lost without you but I am too. “ Louise was a true friend to my mother. Many was the time that she took time out of her day to go with my mother to a doctors appointment. She and my mother would talk on the phone quite often. I will always be grateful for her friendship with my mother. Our family's thoughts and prayers to her family.

“ I first met Louise when my husband came to pastor at Bowdon in 2012..We became closer friends after we left because my husband died in 2013..she came and stayed with me at my home when I had surgery for almost 3wks..we shared so many conversations together, but all my children and grands fell in love with her..my daughter dyed her hair, and she was so proud..she was planning on coming again when she got well..she called me 2wks ago when she was in the hospital, all she could talk about was her family, she said she was so happy because her family had come together and she gave GOD the praise for it, and she just kept repeating it..she loved her family and when she was with me, that is all she would talk about..I will say I never heard her complain about her sickness, she would always say that it was going to be alright..she was right, because she is healed completely now, no worries, no pain..forever will hold a special place in my HEART, just wish I could have seen you one more time, but we will meet again over on the other side..Annette Carroll
