“ Mark, I am so saddened but hope you are at peace knowing you are fully healed. I am so thankful that you were not just family but part of our lives with so many memories. I will always remember all memories! From sleeping on air mattresses in your floor while in Mississippi and Texas as kids to our trip to Yellowstone. To all the nights watching yall play Rook... Gene & his ice cream. 😭 I am so thankful for our latest memories to Denver, sxs adventures, and even trying to teach me to skeet shooting...even though you out showed us all. You were a cousin to me but I always considered you an uncle. You are more loved than you ever knew. Rhonda, I send prayers & hugs, and pray God wraps his arms around you now and the upcoming months. Please let me know if there is anything I can do.

“ *Mark, I don't even know where to begin. You will be terribly missed & you were loved more than you know. I am so thankful to honestly see you as my uncle even though you were a cousin. All my memories from when I was little and you came over to the house to play Rook & eat ice cream with Gene. □ To all the trips we took with you, even sleeping on an air mattress in your house in Texas and Mississippi. My favorite memories are the Yellowstone trip and most recently to Denver. I am so thankful I can remember all the laughs and good times we had together, all as a family. You were truly a genuine humble soul and your love & memories will continue to live on through us all. You introduced us to your favorite Starbucks drink, Amber & I plan to celebrate this week at Starbucks remembering you. I was devastated when you told me about your health, and I really hoped & prayed the doctors were wrong. Rest in Peace Mark, until we meet again. To Rhonda & the family, you'll be in my prayers, sending hugs, love & comfort to you all.*
